Emergency Response Pathway

Structural Fire Fighting, Wildland Fire Fighting, Emergency Medical Technician, Paramedic

Course Sequence

Valley ROP Program Description

Valley Regional Occupational Program (ROP) offers a Emergency Response pathway program where students can learn the basic Fire Fighting and Emergency Medical Responder skills. Students will also earn important industry certifications in order to become a Fire fighter.

Students first take the "Urban/Rural Fire Fighting" class during the Junior year, and the "Wildland" fire fighting course as Seniors. The classes are designed to give students all the basic tools, skills, certifications and knowledge to become paid call firefighters, enter the fire academy or work for the US Forest Service in a wide array of jobs. Summer paid internships are available to successful students through the Reedley Fire Department and the
