2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Kingsburg High School is one of three high schools, and the only comprehensive high school in the Kingsburg Joint Union High School District. Curriculum is focused on the Common Core Standards in each content area. We also have many electives and vocational education classes. The emphasis for daily instruction is on the Common Core standards, but we strive to not lose sight of the need to educate students holistically and offer enrichment and career education opportunities.

The school supports cultural awareness in many ways that include, but are not limited to: reading culturally diverse literature selections in English classes, the study of cultures, histories and influences in World History, the study of foreign languages, and our art department studies many cultural influences in world art. We also have a Multicultural Club.

Goal 1: KJUHS D believes that all students need to be able to leave our district college and career ready. Improving student academic achievement helps demonstrate that our students are ready when they graduate with a diploma.

Goal 2: Maintain a positive and safe environment- KJUHS D believes that a positive and safe environment is paramount in providing an environment that promotes learning, high academic achievement and students who will become good citizens.

Goal 3: College and Career Exploration- KJUHS D believes that all students should have the opportunity to explore both college and career options in order to be ready when they leave high school. Through the college and career center, career technical education (CTE) classes, AVID program, and Advanced placement classes students will be provided with multiple options to explore and prepare for the transition to post-secondary schooling/training. In addition the district will provide parent nights on supporting student success during high school and preparing for post-secondary. Measurement of this goal will be through % of CTE completers, number of dual enrolled classes, number of students earning dual enrollment credits, percent of students attending college or trade school and stakeholder feedback.

Goal 4: Provide professional development and collaboration time that builds student achievement- KJUHS D recognizes the importance of providing professional development to teachers and staff to help meet the needs of our students. Through professional development training on campus and off, in addition to collaboration release time, teachers and staff will be better prepared to engage students and improve students achievement and graduation success. Measure of this data will be through stakeholder feedback on the local priorities.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Kingsburg Joint Union High District held a public hearing on September 10, 2021, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in December 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

The community of Kingsburg passed a bond measure in June 2015 of approximately 13 million dollars for campus work to upgrade HVAC throughout the campus, campus infrastructure, technology infrastructure, a district-wide solar project, and the development of a 1:1 device program for students.

Prior to this bond, Kingsburg High School had undergone major improvements in its facilities due to community support for over 20 million dollars worth of bonds. Our academic and extra curricular facilities have all been upgraded or received completely new buildings or complexes. KHS has facilities that are second to none in the valley. Some of the academic improvements include a new: agriculture and arts building, science building, library media center, music wing and we have added a state of the art infrastructure for technology district-wide. Some of our extra curricular improvements include a new football/track/soccer stadium and softball complex. We have modernized our theater and old gymnasium. A new gym was completed in 2000. We have added seating to our tennis court complex and have made improvements to our baseball complex.

Every effort is made to meet all the demands of a multitude of co-curricular opportunities for students and to update and maintain a campus that is safe, clean and aesthetically pleasing. We are very proud of our shared community and school swimming pool. The entire community uses it widely and it allows for the opportunity for our students to enjoy water sports and learn water safety.

Clean School Processes: The superintendent, principal, and head of operations work daily with our utility staff of eleven full-time employees to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and that highest priority is given to emergency repairs. We have a dedicated staff that takes pride in their excellent work.

While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. Data displayed in the chart was collected in January 2022..

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	64	N/A	61	N/A	47
Mathematics (grades 3-8 and 11)	N/A	33	N/A	27	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 Career Technical Education Programs

The career planning program prepares students to succeed in realworld contexts through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom. Students have access to multiple career pathways to prepare for college and career decisions. Instructors at our school have directed efforts toward establishing school-to-work structures within each curricular area for all students, including those with special needs. Advisors/Guidance Counselors offer additional support through various programs, including our four-year career education curriculum provided by our College and Career Center technician expert.

Career Technical Education programs consist of:

- Ag Mechanics
- Keyboarding/Introduction to Business
- Small Gas Engines
- Ag Science
- Applied Ag Biology
- Virtual Enterprise
- Certified Nursing Assistant

Computer Science

Manufacturing and Engineering

Intro to Teaching

- Journalism Production
- Criminal Justice
- Ornamental Horticulture

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Kingsburg High School gratefully accepts time donated by volunteers in many areas of the school. All volunteers must be approved by the Board of Trustees and if they will be in a situation where they will be alone with students, they must be fingerprinted through the Department of Justice. For guests stopping in, they are all checked in using Raptor.

- The Library/Media Center welcomes parent volunteers.
- Many parents volunteer their time to drive students to various events such as sporting events, music events, etc.
- During field trips, especially overnight field trips, parent chaperones accompany the group.
- Many parents and community groups volunteer to help us maintain and improve our athletic facilities and fields.
- Parents also volunteer to serve on our Site Council, Curriculum Council, and other advisory groups.

Kingsburg High School is also fortunate to have many booster groups that support programs such as: music, drama, agriculture, and athletics. The staff and students are blessed to have the level of involvement and support from our parents and our community as a whole.

We believe that it is so important for parents and community to be involved in our school and we hope that you will become active in our booster or advisory groups. We also hope you will attend our many events. Parents or community members who

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.84	3.29	2.45
Expulsions	0.17	0.24	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The safety of students and staff is of utmost importance for Kingsburg High School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Safety Plan is reviewed and updated annually. The school's disaster preparedness plan includes steps for ensuring the safety of students and staff during a disaster. Fire, lock down and disaster drills are conducted annually. Students are supervised before and after school, during break and lunch by administrative staff. There are areas for student drop off and pick up. Visitors must report to the office and be issued a visitor's pass through Raptor in order to be on campus during school hours.

School discipline procedures and expectations are outlined in a student handbook provided to all students and studied in detail by each 9th grade student. The handbook is also available on our web site. Additionally, every teacher provides students with their classroom expectations and grading procedures in writing at the beginning of each school year.

Kingsburg High School uses a discipline matrix to help students become responsible for attendance, tardies, and minor classroom infractions. It is the philosophy of this school's board, administration, and staff that we will ensure that each student enjoys maximum learning opportunities in a positive and safe learning environment and that he/she does not interfere with the learning opportunities of others.

The Safe School Plan is updated and reviewed with all staff, our School Site Council, and our local police and fire agencies each year. The plan was last updated in September 2021. Security cameras have been placed throughout our campus to support our efforts to provide for maximum student and staff safety. We currently have 75 security cameras and a full time security assistant.

Professional Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then sharing their experiences and knowledge with district colleagues. The district dedicated 30 days to staff development annually for the past three years. Topics for staff development included: Common Core State Standards, reading across the curriculum, technology in the educational setting, differentiated instruction, the use of data to inform instruction, increasing parent communication, and utilizing research based instructional strategies across all curricular areas. The district dedicates three full days to staff development annually.

This table displays the number of school days dedicated to staff development and continuous improvement.
